EXPERIENCE

● **GRAPHIC & WEB DESIGNER - FREELANCER 2015 - present**

Communication with clients to determine client needs for company websites, responsible for the design of client websites from conceptualization stage to its implementation, on-going updates, maintenance, and SEO. Design and hand code responsive themes with HTML5, CSS3 (Sass), JQuery, Javascript (Angular), Adobe CC and other plugins for Wordpress. Redesign customer sites to add features and content. At the moment, I am also working with my team to redesign The Professors and Heads of Information Systems, New Zealand (PHIS-NZ) website project of Victoria University of Wellington.

● **SEO WEBSITE - FREELANCER 2013 - 2014**

Main roles were identifying the important keywords that are high ranking and optimize On-page with the Title tag, Header tags (H1,H2,etc.), Url, and image tag that are suitable with keywords and use internal link for website effectively, promote organisation content on social media to increase web ranking in Google search tool

● **CO.OPMART SUPERMARKET - SALE ASSISTANT 2014**

Working in one of the biggest supermarkets in Vietnam, my main tasks were to ensure that customers were enjoyed shopping, advising customer, handling payments, arranging ordering and delivery, and receiving deliveries from suppliers.

KEY COMPETENCIES

Font-End and Back-End Development

Experience in Front-end development using latest HTML5, CSS3 (Sass), CSS grid system and CSS media queries techniques, backed by jQuery and other Javascript frameworks (mainly Angular) to enable optimum user experience throughout the site. The Back-End development using Java, PHP and MySql.

UI/UX Design

Developing wireframes, interface mockups and page prototypes using tools such as Photoshop, Illustrator, InDesign, and Justinmind from scratch. Focused on user need, usability, and satisfaction to develop user workflows and layouts with high-quality user interfaces and visual designs – from concept to launch on web and mobile applications.

Open-source Platform

Over 2 years of experiences in using many E-commerce and CMS platform such as Wordpress, Joomla, Magento, OpenCart,... Mainly selecting an appropriate theme and modifying source code such as CSS, PHP, HTML file to meet the client's requirements.

Video Editor

At GrowMe Project of Victoria University, I was in charge of recording and editing for promotional video of ICT EXPO in order to engage more students to come and improve their employability. I also got many experiences as Designer at Vietnamese Student's Association Club of Victoria University and Lingo Connector StartUp.

Open-source Platform

Over 2 years experiences in using many E-commerce and CMS platform such as Wordpress, Joomla, Magento, OpenCart,... Mainly selecting an appropriate theme and modifying source code such as CSS, PHP, HTML file to meet client's requirements.
